

OXLEY PRIMARY SCHOOL

eSmart Curriculum F – 6 (2014 - 2015)

The Oxley Primary School eSmart Curriculum F – 6 will be coordinated by the eSmart committee, with classroom teachers responsible for its implementation. eSmart will involve explicit lessons, integration with AusVELS areas and incidental teaching. It requires all teachers to have an understanding of cybersafety and cyberbullying and model smart, safe and responsible use of modern digital devices. A wide variety of resources, tools, lesson plans and websites will be utilised to ensure an extensive program, positive learning outcomes and an eSmart culture. Lessons will be age appropriate and also provide extension activities. It is recommended that classroom teachers browse the recommended eSmart websites to assess their suitability, and plan each term's program.

(This curriculum will be updated regularly.)
